RAIL FACILITIES PORTAL

Data collection for RFC4

Short information about RFP

- More then 16.600 facilities registered
- 450 users
- Check www.railfacilitiesportal.eu
- Check our video on YouTube

Already highly supported by some important sector stakeholders

"I would like to **invite all rail transport stakeholders to use the Portal** and to explore its functionalities. "
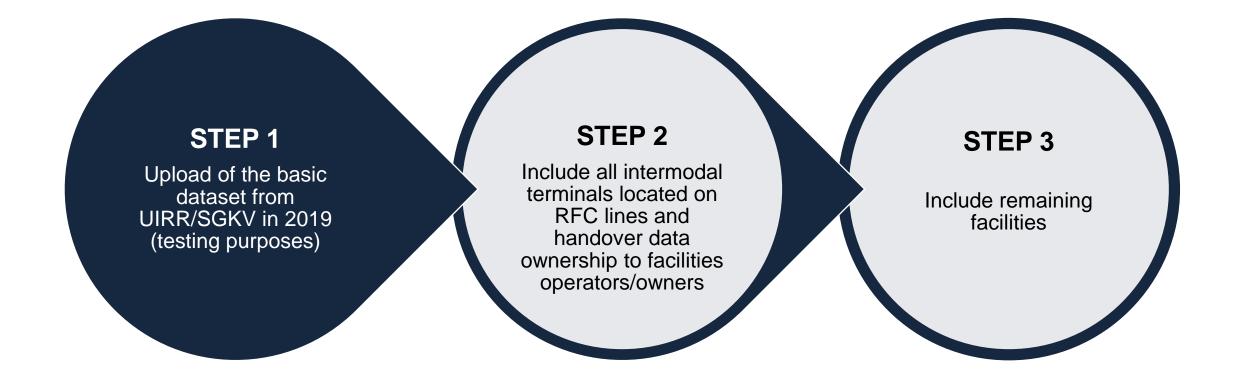

"IRG-Rail **welcomes the initiative of a common portal for rail facilities**."

"**Digitalisation** of SF information **is an important step to ensure further simplification and efficiency**."

Data collection strategy by UIRR with TAG support

STEP 1

Upload of the basic dataset from UIRR/SGKV in 2019 (testing purposes)

STEP 2

Include all intermodal terminals located on RFC lines and handover data ownership to facilities operators/owners

STEP 3

Include remaining facilities

RFC4 terminals on Rail Facilities Portal

RFC4 on Rail Facilities Portal: NUMBERS

Total number of terminals linked to RFC4   33 terminals

Terminals updated by facility operators   4 terminals

Terminals uploaded by UIRR (to takeover)   29 terminals

Number of terminals on RFC4 complying with
Reg. (EU) 2017/2177   0 terminal

RFC on Rail Facilities Portal

CONCLUSION

11 terminals located on RFC4 are not uploaded.

Other 29 terminals include only basic information, uploaded by UIRR in 2019
and that does not comply with Reg. (EU) 2017/2177

NEXT STEPS

- Include all intermodal terminals located on RFC4
- SF operators need to register and become the owners of their data
- Rise the numbers of terminals with full dataset (acc. Reg. (EU) 2017/2177)

Total number of terminals linked to RFC4	**33** terminals >>> **all**
Terminals with last update by UIRR/SGKV	**29** terminals >>> **0**
Number of terminals on RFC4 complying with Reg. (EU) 2017/2177	**0** terminal >>> **?**
